SUMMARY

Aspiring AI/ML Engineer with a solid foundation in Python and machine learning, along with hands-on experience in full stack development. Passionate about data-driven problem solving and building intelligent systems. Quick learner with strong analytical skills, seeking an opportunity to apply and grow in AI/ML domain.

EDUCATION

Bachelor of Technology - Computer Science engineering 2023 - 2026

Bansal Institute of Research Technology And Science

- Major in Automotive Technology.
- Thesis on "Technological Advancements within the current Mechatronics Industry".

Bachelor of Science (BSC) - Physics, Chemistry, Mathematics 2020 - 2023

Avdesh Pratap Singh University Rewa

- Relevant coursework in Structural Design and Project Management.

PROJECTS

Image Classification System using CNN (CIFAR-10 Dataset)

- Developed a Convolutional Neural Network (CNN) model for multi-class image classification using the CIFAR-10 dataset (10 categories).
- Achieved 74% accuracy on test data through hyperparameter tuning and model optimization.
- Implemented data preprocessing techniques such as normalization and augmentation to improve model performance.

AI-Attendance-Project-Landing

- Developed an AI-based Attendance Management System with separate dashboards for students and teachers.
- Implemented secure attendance marking using enrollment number, subject selection, image capture, and voice verification.
- Integrated real-time photo and video authentication to ensure genuine classroom attendance.
- Built the system to reduce manual effort and save classroom time through automated attendance processing.

TECHNICAL SKILLS

- **Programming Language** : Python, MySQL, JavaScript, React, Tailwind CSS
- **Libraries** : NumPy, Pandas, Matplotlib, Seaborn
- **Concept** : Machine Learning, Deep Learning, Reinforcement Learning, Natural Language Processing (NLP)
- **Framework** : Django, Flask, TensorFlow, OpenAI APIs
- **Tools** : Docker, GitHub

ADDITIONAL INFORMATION

- **Languages**: English, Hindi.
- **Certifications**: Python Full-stack Development From Netlagent Technology LLP
