PROFESSIONAL SUMMARY

BCA Final Year Student and Java Full Stack Developer with strong hands-on experience in building, testing, and deploying scalable web applications using Java, Spring Boot, REST APIs, and React.js. Experienced in designing robust backend architectures, database schemas, authentication mechanisms, and reusable frontend components. Actively contributed to real-world projects and internships, demonstrating problem-solving skills, team collaboration, and the ability to quickly learn and adapt to new technologies. Seeking Software Engineering Internship or Entry-Level opportunities to apply and expand technical expertise.

TECHNICAL SKILLS

Programming Languages	Java, JavaScript, Python
Backend Technologies	Spring Boot, REST APIs, JPA, Hibernate
Frontend Technologies	React.js, Redux, Tailwind CSS, Bootstrap, Axios
Databases	MySQL, MongoDB
Tools & Platforms	Git, GitHub, Postman, JMeter, Docker, AWS (basic)
Core Concepts	Object-Oriented Programming, MVC Architecture, DBMS, API Integration

PROJECTS

On-Demand Car Washing System (Java Full Stack)

- Designed and implemented a complete role-based application with Customer and Admin modules using Spring Boot, React.js, REST APIs, and MySQL.
- Developed secure authentication, service booking workflows, order lifecycle management, and analytical admin dashboards.
- Built scalable REST APIs, optimized SQL queries, and ensured application performance and security.

Hospitality Management System

- Developed backend-driven appointment scheduling and service management system using Spring Boot and MySQL.
- Implemented CRUD APIs, validation, exception handling, and structured relational database schemas.

AI Chatbot & Weather Application

- Built interactive React applications using Redux and Axios for state management and API communication.
- Integrated third-party AI and weather APIs to provide real-time responses, data visualization, and robust error handling.

INTERNSHIP EXPERIENCE

Web Development Intern – CodeSoft (Remote) (Sep 2024 – Oct 2024)

- Developed responsive, reusable, and performance-optimized UI components using React.js.
- Improved overall user experience through consistent styling, component refactoring, and cross-browser compatibility.

Full Stack Developer Intern – Netlilent Technology Pvt. Ltd., Bhopal (May 2025 – Aug 2025)

- Actively contributed to the development of an enterprise-grade HRMS platform using React, Spring Boot, and MySQL.
- Implemented REST APIs, handled database operations, authentication flows, and frontend components.
- Collaborated with senior engineers to debug issues, improve performance, and maintain clean code standards.

Robotics & Artificial Intelligence Intern– Pushpako2 (Jan 2026 – Present)

- Worked on AI-based computer vision models for object, road, and building segmentation using Meta Segment Anything Model (SAM).
- Assisted in developing and testing robotics perception pipelines using Python and deep learning frameworks.
- Performed model evaluation, debugging, and optimization to improve segmentation accuracy and performance.

EDUCATION

Bachelor of Computer Applications (BCA)

M.K. Ponda College of Business & Management, Bhopal (2023 – 2026)

Higher Secondary Education (12th Grade)

MP Board – Surbhi Vidhiya Niketan Higher Secondary School (2022 – 2023)

CERTIFICATIONS & INTERESTS

Java Full Stack Development – Hakeveda Institute & Netlilent Technology Pvt. Ltd.

Internship Completion Certificates – Netlilent Technology Pvt. Ltd. and CodeSoft

Interests: Guitar, Flute, Chess, Problem Solving, Fitness Training
